

BUTTERFLY (BFLY) - Whitepaper

1. Introduction

BUTTERFLY (BFLY) is a community-driven ecological token built to inspire environmental responsibility, support biodiversity, and gamify nature protection through digital assets and blockchain incentives.

2. Vision and Mission

Our mission is to create real ecological impact through digital engagement. We connect blockchain technology with environmental initiatives such as butterfly garden projects, conservation funding, and ecological education.

3. Tokenomics

- Total Supply: 10,000,000,000 BFLY
- Annual Minting: 5% (controlled by DAO in the future)
- Use Cases: Game mechanics, NFT access, community rewards, ecological donations

Token Allocation:

- 30% (3B) - Community and ecological missions
- 20% (2B) - Butterfly Quest game
- 10% (1B) - NFTs and digital collectibles
- 10% (1B) - Team and advisors (with vesting)
- 15% (1.5B) - Reserve for DAO, grants, partnerships
- 10% (1B) - Marketing and adoption
- 5% (0.5B) - Liquidity provision (DEX/CEX)

4. Ecosystem

The BFLY ecosystem includes:

- Butterfly Quest game
- NFT collectibles representing rare butterflies
- DAO governance

BUTTERFLY (BFLY) - Whitepaper

- Funding butterfly-friendly environmental projects

5. Roadmap (10-Year Plan)

Year 1-2:

- Token launch, website, Twitter presence, early holders

Year 3-5:

- Butterfly Quest game, NFT launch, ecological collaborations

Year 6-8:

- DAO governance, grants, IRL events, butterfly gardens

Year 9-10:

- Global environmental network, NFT marketplace, sustainability reporting

6. Community Involvement

Anyone can participate in the BFLY mission. Holding tokens gives voting rights. Participating in missions or growing a butterfly garden earns recognition and rewards.

7. Future Development

We aim to integrate with Layer 2 networks for low fees, partner with real-world conservation groups, and open grants for ecological tech and green entrepreneurship.

8. Legal Disclaimer

BFLY is a utility token with ecological and community use cases. It is not a security or investment vehicle. Participants should act in accordance with the laws of their jurisdictions.
